XO STUDIOS

XO offers two contemporary, light-filled warehouse spaces. From a Sweet Sixteen to an engagement party or intimate wedding, XO is an exciting blank canvas for any event.

Perfectly placed in inner-city East Brunswick, events at XO are unique and fun. The spaces boast clean lines, exposed brick, polished concrete floors and large light-letting industrial windows.

Black Truffle's simple, fresh and seasonal food options are perfect for this modern venue. Like the space itself, we are highly flexible with our food packages.

Venue Features

The two dynamic boutique event spaces at XO make a statement out of any event. They are capable of hosting a range of events including bridal showers, christenings, rehearsal dinners and cocktail parties. Our custom menu design service can also be paired with venue management for the event.
